

Literacy

This term, we will continue to focus on producing handwriting that is of a consistently high standard. We will work on the spelling of our Key Stage 1 common exception words. We will be looking at stories from the recent past, including *Madeline* and *Flat Stanley*, persuasive writing and poems about monsters!

Numeracy

We will be covering the topics of measurement, position and direction, shape and statistics this term. As we do this, we will continue to think about how we can use our mathematical skills in everyday life, and look at more complex mathematical problems that may have more than one solution.

Science

In Science this Summer, we will look at the important characteristics of plants, including how they can disperse seeds so that new plants can grow. We will investigate how water is transported in plants and present our investigation results in a scientific way.

Computing

This term, computing tasks will involve looking at creating computer coding and programs, so that we can bring sequences of commands to life! We will also ensure that we continue to be mindful about how to use computers and the internet safely.

Year 2 Parent Newsletter

2022 Summer Term

Religious Education

We will look at the concepts of the 'Kingdom of God' this term, including the story of Pentecost. We will also learn about the unique traditions and customs of Sikhism.

Geography

In Geography this term, we will find out about how we use the land we live on. We will explore the world of maps and create our own maps of our locality. We will also think about the differences between rural and urban areas.

History

In History, we will find out about the life of Henry VIII. We will learn about the significance of the Tudor era, including how Tudor explorers changed the course of History by discovering new parts of the world.

Music

Our ukulele lessons will continue this term. We will focus on playing and performing with increasing accuracy, and how to use our aural memory to recall sounds correctly.

Commando Joe's

This term, we will complete a number of new Commando Joe missions. This programme will help the children to develop many important skills including teamwork, resilience and cooperation.

Art, Design & Technology

This term, we will be looking at axles and chassis with the goal of creating our own simple vehicles. We will also attempt to cook our own versions of traditional Tudor cuisine!

Physical Education

In the Summer term, we will focus on athletics, as well as the team sports of cricket and rounders. We will master a variety of movements and techniques, and work together to develop successful match tactics.

PSHE

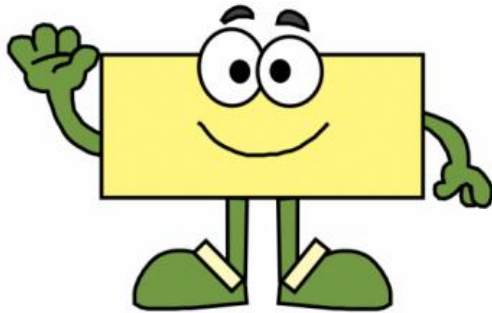

This term, we will focus on a number of key questions relating to what can help us to grow and stay healthy, as well as how we can recognise and understand our feelings.

Literacy

This term we will continue to focus on producing handwriting that is of a consistently high standard. We will work on the spelling of our Key Stage 2 common exception words. We will be looking at stories from the recent past, including *Madeline* and *Flat Stanley*, persuasive writing and poems about monsters!

Numeracy

We will continue to look at the important topic of fractions this term, as well as look at shape, statistics, measurement and time. We will continue to work on our times tables and mental arithmetic skills as we go!
