

Year 5 Maths Objectives

Decimals

- I can add decimals within 1
- I can subtract decimals within 1
- I can find complements to 1
- I can add decimals - crossing the whole
- I can add decimals with the same number of decimal places
- I can subtract decimals with the same number of decimal places
- I can add decimals with a different number of decimal places
- I can subtract decimals with a different number of decimal places
- I can add and subtract wholes and decimals
- I can work with decimal sequences
- I can multiply decimals by 10, 100 and 1,000

Geometry and Shape

- I can identify angles
- I can compare and order angles
- I can measure angles in degrees
- I can measure with a protractor
- I can draw lines and angles accurately
- I can calculate angles on a straight line
- I can calculate angles around a point
- I can calculate lengths and angles in shapes
- I can work with regular and irregular polygons

Position and Direction

- I can recap describing position
- I can draw on a grid
- I can position in the first quadrant
- I can translate shape
- I can translate with coordinates
- I can find lines of symmetry
- I can complete a symmetrical figure
- I can reflect shapes
